## **EXCITING NEWS from LENTINI CHIROPRACTIC –**

### **Standard Process now offers Home Ordering**

Standard Process, our supplier for whole food vitamins/supplements, which are only legally sold through doctor's offices, has just made it easier for our patients to order vitamins/supplements directly from their website.

Simply go to [www.standardprocess.com](http://www.standardprocess.com) and, at the top right corner of the page, click on "Patient Direct" or "Register for an Account." Scroll down, click on the "Register" button in the patient area, read the terms and enter this code: **P293HR**.

It's that simple! You may now order your supplements directly from Standard Process and have them conveniently delivered to your home, saving you a trip to the office.

We will continue to carry product from Standard Process, and Dr. Lentini is always available for your nutrition and supplement questions.

Make an appointment today with Dr. Lentini for a Nutrition Consultation, or to follow up on your existing program.
